Rule Change Intent

Rationale: Allow officials who have both FEI Steward and USEF TD licenses to serve in both roles for a competition manager who is SEQUENTIALLY running both an FEI competition (requiring their services as FEI TD) and a prior or subsequent USEF competition (requiring a USEF TD) on the same day. Currently, USEF GR1041.4 currently reads "Dressage, Eventing, and Vaulting Technical Delegates also holding licensure as a FEI Steward for Dressage, Para-Dressage, Driving, Eventing, and Vaulting are prohibited from serving in both roles on the same day(s)." - even if the competitions are separate. This places a huge financial and logistical burden on competition management, who must engage two separate officials (and pay for their fees and expenses) if the size of their competitions mandates completing one and starting the other on the same day. This rule also places an artificial burden on scheduling. For instance, if it would otherwise make sense to run the first compulsory Tests of their vaulting competition on the same day as the CVI closed, Management either has to bring in a different official just for those classes, or else "wait out" the rest of the day after the close of their FEI competition for no reason other than this rule.

Proposals:

- Remove the word "Vaulting" from 1041.4.
