Rule Change Intent

The National Hunter Committee recommends changing how the points are accumulated for the USHJA Hunter sections to replicate the High Performance, Performance 3'6", and Performance 3'3" sections. The Committee feels the USHJA hunter classes are similar to the Performance Hunter classes, where the entries can be significantly different on one day versus the next. The Committee recommends having the points count for the USHJA hunter sections based on the entries for each individual class instead of the entries in the first class.
