

2017 Junior Ranking List (FEI ages)

The Junior Ranking List is a list of riders in ranked order by money won. This Junior Ranking List includes riders aged 14-18 by FEI Definition of a Junior (from the beginning of the calendar year in which the rider reaches the age of 14 until the end of the calendar year in which the rider reaches the age of 18). For the 2017 calendar year, this includes riders born on or between January 1, 1999 and December 31, 2003.

Only classes held at USEF Licensed competitions and FEI competitions will be included. The list includes each eligible class but only the money won from the two highest money earning classes per competition will count towards the ranking.

Eligible classes include Grand Prix classes (\$25,000+), Open Jumper classes at 1.40m or above, Junior Jumper classes at 1.40m or above, Amateur Owner Jumper classes at 1.40m or above, U25 Jumper classes at 1.40m or above, and FEI classes held at 1.40m or above.

Money won is 'aged out' over the calendar year meaning that the money won loses its value overtime.

Money won ages out according to the following percentages:

| Weeks 1-8: 100% | Weeks 33-36: 40% |

The List is published on Saturdays and includes results through *three* weeks prior. For example, the list published Saturday, January 28th includes results through competitions ending on Sunday, January 8th.

It's the rider's responsibility to check results for accuracy. The List is subject to modifications and refinements by USEF from time to time.
