1.2.3.8. Any Athlete aged eighteen (18) or older as of the conclusion of the Event will be required to remain current with the U.S. Center for SafeSport's education and training requirements in accordance with the [USEF Safe Sport Policy](#).

1.3. Step-by-step description of the selection process for the Event (include maximum Team size):

1.3.1. For each Event, three (3) to four (4) Athlete/Horse combinations, and up to the maximum number of Alternates permitted to be named to the FEI Nominated Entry, will be recommended by the USEF Eventing Selectors to the USEF Eventing Sport Committee or an Ad Hoc Group approved by the Eventing Sport Committee, which will submit its recommendations for final approval by the USEF Board of Directors, Executive Committee, or an Ad Hoc Group approved by the Board of Directors. Combinations will be selected based off the discretionary selection as outlined below. Alternates will not be ranked but will be announced in alphabetical order.

2. DISCRETIONARY SELECTION

2.1. Rationale for utilizing discretionary selection: Discretionary selection is used to field the best team possible for the Event; Applicants willingly submit themselves to this subjective process.

2.2. Define the discretionary criteria to be used: When making their recommendations and approval of the Athlete/Horse combination, the USEF Eventing Selectors, USEF Eventing Sport Committee, (or an Ad Hoc Group approved by the Eventing Sport Committee), the USEF Board of Directors, Executive Committee (or an Ad Hoc Group approved by the Board of Directors) will take into consideration the following factors, listed in no particular order:

2.2.1. The overall performance of the Athlete/Horse combination, with emphasis on dressage scores, cross-country, and show jumping performance: jumping without faults and/or incurring time penalties, boldness, rideability, and speed.

2.2.1.1. Performance may be evaluated using the Athlete/Horse combination's competition records (see definitions) and/or the EquiRating's High Performance Metrics (see definitions).

2.2.2. Consistency and trend of performance of the Athlete/Horse combination's complete competition records (see definitions) within the Qualifying Period (see definitions) as designated within these Procedures, with emphasis on dressage scores, cross-country, and show jumping performance: jumping without faults and/or incurring time penalties, boldness, rideability, and speed.

2.2.2.1. Performance may be evaluated using the Athlete/Horse combination's competition records (see definitions) and/or the EquiRating's High Performance Metrics (see definitions).

2.2.3. Horse Soundness (see definitions).

2.2.4. Athlete's fitness and ability to compete at the Event (see definitions).

2.2.5. The prospect of the Athlete/Horse combination to win an Individual medal or contribute to a Team medal at the Event.

2.2.6. The potential of Athlete and or Athlete/Horse combination to develop to the CCI5*-L level and/or represent the U.S. on future Teams.

2.3. Other Discretionary Criteria Used:

2.3.1. Horses that are candidates for Selection for the Event may be examined at any time during the selection process and through the conclusion of the Event for soundness by the Team Veterinarian (and/or a Team Evaluating Veterinarian, if requested by the Team Veterinarian) upon the request of the Selectors or Chef d'Equipe and based on the availability of the Team Veterinarian or a Team Evaluating Veterinarian.

Horses found to be unsound by the Team Veterinarian or Team Evaluating Veterinarian may result in the removal of the Athlete/Horse combination from the selection process, but only with the recommendation of the Selectors, Chef d'Equipe, and approval of the USEF Board of Directors, Executive Committee or an Ad Hoc approved by the Board of Directors.

Team Veterinarian Request: Athletes, at their own expense, shall make available, upon the request of the Team Veterinarian, the previous 24 months' worth of veterinary records of Horses in consideration for selection. In addition, applicants, at their own expense, shall be responsible for supplying any follow-up diagnostic information requested by the Team Veterinarian for Horses in consideration for selection.

Athletes, at their own expense, shall complete any treatment prescribed by the Team Veterinarian, after consultation with the Horse's treating veterinarian if such a consultation is requested by the Athlete, for Horses under consideration for selection.

Failure to comply with any reasonable request of the Team Veterinarian may result in the removal of the Horse and/or Athlete from the selection process by recommendation from the Chef d'Equipe, Selectors, or Team Veterinarian.

Exceptions may be granted for emergency situations. The Team Veterinarian must be apprised of any emergency within 24 hours of the treatment.

2.3.2. Medical Request: In the event of illness or injury, Athletes may be required to submit to a medical examination by a physician(s) approved by USEF at any time during the selection process for the purposes of determining the Athlete's ability to compete at the Event. Failure to submit to such examination may result in the removal of the Athlete from the selection process by the Selectors upon the recommendation of USEF approved physician(s), and approval of the USEF Board of Directors, Executive Committee, (or an Ad Hoc approved by the Board of Directors). Following the examination, should the USEF approved physician(s) find the Athlete to be unfit to compete, the applicant may be removed from the selection process pending approval of the USEF Board of Directors, Executive Committee (or an Ad Hoc approved by the Board of Directors).

2.4. Name of the committee(s) that will be responsible for making discretionary selection recommendations, along with a complete list of the members' titles:

USEF Eventing Selectors

USEF Eventing Sport Committee, or Ad Hoc of the Eventing Sport Committee

USEF Board of Directors, Executive Committee, or Ad Hoc of the Board of Directors

See Attachment X for a complete list of members.

- 2.5. Process that will be used to identify and handle any potential conflicts of interest involving a member of the committee: All individuals involved in selection must comply with the USEF Conflict of Interest and Gifts & Entertainment Policy, to include completing and submitting a disclosure form for review by the USEF Legal Department and USEF Audit Committee prior to convening the committee.

Any individual involved in selection who has an actual, possible, or perceived conflict of interest must disclose it to the USEF Legal Department and USEF Audit Committee prior to the start of the selection process and/or recuse oneself from the review process and/or voting. A conflict of interest exists when a personal, family, financial, professional, club, team or business interest of the individual poses a direct or indirect relationship, connection, or affiliation, past or present, with an Athlete or Horse in contention for the applicable team selection that could compromise the individual's ability to participate in the selection process in an unbiased manner. If a conflict exists, the USEF Legal Department and Audit Committee shall review the conflict and determine the individual's level of involvement (e.g., whether that individual must recuse themselves from participating in discussions and/or voting). For example, if it is determined that an individual must recuse themselves from voting, the Audit Committee may still determine that an individual who has relevant and necessary information with respect to athlete performance, for example a team coach or high performance director, may, if requested by the remaining individuals involved in selection, provide such information to the committee so long as such information is provided in a fair and unbiased manner and so long as the individual with the conflict of interest does not participate in the deliberation or vote toward the final decision. The individual must not otherwise influence other individuals in the selection process.

Additionally, any person (including any potentially impacted Athlete, owner, or coach of a potentially impacted Athlete or Horse) with a good faith belief that an individual has a conflict of interest may report the alleged conflict of interest to USEF General Counsel and/or Audit Committee. Reports may be made anonymously. No individual shall retaliate in any way against a person who, in good faith, reports an alleged conflict of interest.

Any recused individual shall be replaced in accordance with the USEF selection appointment process.

3. REMOVAL OF ATHLETES OR HORSES

- 3.1. Athletes and/or Horses that are nominated to the Team or as an Alternate by USEF may be removed for any of the following reasons, as determined by USEF:
- 3.1.1. Voluntary withdrawal. The Athlete must submit a written letter to Gemma Stobbs, Director, Eventing Elite Program (gstobbs@usef.org).
 - 3.1.2. Athlete injury or illness as certified by a physician (or medical staff) approved by USEF. If an Athlete refuses verification of their illness or injury by a physician (or medical staff) approved by USEF, their injury will be assumed to be disabling and they may be removed.

 - 3.1.8. Failure to adhere to the agreed upon plans, programs, guidance, and/or directives of the Chef d'Equipe, from the time of Selection through the conclusion of the Event.
 - 3.1.9. Failure to provide a report of all veterinary treatments administered, if requested by the Team Veterinarian.

 - 3.1.16. Behavior of the Athlete and people associated with the Athlete (including, without limitation, accredited Owners, Coaches, and Grooms) that may have an impact on creating a positive Team environment that will affect (either positively or negatively) the ability to win a Team Medal.

An Athlete who is removed from the Team pursuant to this provision has the right to a hearing per the USEF's Bylaws, Part VII.

4. REPLACEMENT OF ATHLETES OR HORSES

- 4.1. Describe the selection and approval process for determining replacement Athlete(s) and Horse(s) should a vacancy occur through the Last Date of Substitutions (see definitions):

After a Team and Alternates have been named, substitutions, if they occur, will be filled by an Athlete/Horse combination that is named to the Alternate Athlete/Horse combination list.

If a selected Athlete/Horse combination withdraws and all the remaining applicant Athletes have declined, an additional Athlete/Horse combination that did not submit an online Application in accordance with these procedures may be recommended by the Chef d'Equipe and the USEF Eventing Selectors to fill a Team position.

The recommendation will go to USEF Eventing Sport Committee (or an Ad Hoc Group approved by the Eventing Sport Committee), for approval by the USEF Board of Directors, Executive Committee (or an Ad Hoc Group approved by the Board of Directors).

The method used for selection will be the criteria as outlined in Section 2. The Horse and Athlete must meet the requirements set forth in Section 1.

Any Horse replacements for veterinary reasons must also have the approval of the Team Veterinarian (and member(s) of the Team Evaluating Veterinarian, if requested by the Team Veterinarian).

5. SUPPORTING DOCUMENTS

USEF will retain the approved Selection Procedures and all supporting documents, and data from the selection process for six months past the conclusion of the relevant Event.

B. Equine Anti-Doping: All Horses are subject to drug testing both in competition and out of competition.

1. In-Competition. All Horses entered to compete in any FEI or USEF Event are subject to drug testing at any time from when the Event begins until the Event ends or beginning when the Horse arrives for the Event until the Event ends, whichever beginning occurs first. Blood and/or urine samples may be collected and tested for substances prohibited or forbidden under the subject Event rules. National Events may invoke GR409 whereby samples will be tested for FEI prohibited substances, including metabolites and markers.
 - a. Positive Finding. At any time during the observation and selection period that the presence of a prohibited or forbidden substance, or a metabolite or marker, is detected in the sample collected in-Event, the results, including the level detected for controlled medications, will be reported to the USEF Chief Executive Officer and General Counsel.

Blood and/or urine samples may be collected out-of-competition at any time throughout the selection period, which is defined as commencing on the start date of the USEF Qualifying Period following notification to the Athlete at least 24 hours prior to collection of samples. Samples collected from Horses out-of-competition will be tested for the presence of substances prohibited by the FEI, including metabolites and markers. Failure to make the Horse available for collection of samples may result in the elimination of the Horse and/or Athlete from the selection process. Before elimination occurs, the Owner and Athlete will be afforded a hearing by the Selection Hearing Panel.
 - a. Positive Finding. At any time during the selection period that the presence of a prohibited or forbidden substance, or a metabolite marker, in the sample, the results, including the level detected for controlled medications, will be reported to the USEF Chief Executive Officer and General Counsel, who will notify the Director of FEI/High Performance Sport and/or the Discipline Director for dissemination of information as appropriate.
 - b. In such instances, the positive finding may result in the elimination of the Horse and/or Athlete from the selection process unless the Veterinary Panel appointed for the selection of the Event certifies that the substance detected has been approved or is legitimate and appropriate under the circumstances. Before

elimination occurs, the Owner and Athlete will be afforded a hearing by the Selection Hearing Panel.

- The general management and fitness of the Horses entered for the Event and the observance of the VRs by Team Veterinarians and other official team members.

COMPETITION RECORDS –

Records of past competitions may be sourced from the USEF, USEA, FEI or other applicable governing bodies to review an Athlete/Horse combination's scores in the dressage, show jumping and cross-country phases.

EQUIRATINGS HIGH PERFORMANCE METRICS –

ELO Score

Eventing is a complex sport, and it can be difficult to rank horses in order of their overall *quality* and *consistency* using a single metric. The EquiRatings Elo does exactly this. It is a ranking algorithm that is affected *every time* a horse starts the cross-country phase of an event (withdrawals *prior* do not affect the metric). In terms of a single metric for predicting finishing position, this is the best in class. The Elo rewards horses that beat highly rated opponents, thus accounting for the quality of a competition.

EquiRatings Expected Values

To assess the expected performance of a Horse in each individual phase of an Eventing competition, the EquiRatings Expected Values are the most effective values. They measure expected performance in dressage, show jumping, cross-country jumping reliability and cross-country speed. These are complex formulae that account for recent trends, the difficulties of past conditions and the likely impact that these have on future performance.

HPR Score

The HPR score accounts for course difficulty, scoring conditions and the quality of opposition for a single performance.

Power Average

The power average is the average of the *three best* finishing scores for a given horse or rider over a given dataset. A horse could therefore have a season power average at four and five-star levels.

Two Phase Average

The two phase average is the average of all dressage *and* show jumping penalties for a horse or rider over a given dataset. The two phase average excludes cross-country penalties as these can skew the statistics if a rider is opting to compete at a slower pace.

Zone Analysis

Zone Analysis is a simple way to organize *finishing scores* into various scoring zones. This helps to give a visual representation as to whether a horse/rider/nation tends to score in excellent/good/average ranges, or whether they have poor outcomes or even non-completions.

FEI – Federation Equestre Internationale, the International Federation for Equestrian Sport.

FEI DEFINITE ENTRY - this is the date by which you must submit the final selection of Athletes and Horses that will participate in this Event.

FEI NOMINATED ENTRY - this is the date by which you must submit a long list of Athletes and Horses that might participate in this Event.

FITNESS – whether the horse competed at a high level more frequently than is consistent with delivering a peak performance at the event for which selection is being made. Whether the horse demonstrated in training the modicum of preparation necessary for preparedness for the rigors of the event for which selection is being made.

GOOD STANDING – eligible to compete under USEF rules.

INTERNATIONAL COMPETITION EXPERIENCE - a competitive record over the past 3 years that indicates that the Athlete/Horse combination has successfully met the challenges of FEI international events, demonstrating an ability to perform under pressure consistently.

LAST DATE OF SUBSTITUTIONS – the last opportunity to make a substitution, as outlined in the FEI Approved Schedule for the Event.

LOSS OF FORM - deterioration in performance, demonstrated inability to produce results at the level at which the combination was performing at the time at which they were selected.

MER – Minimum Eligibility Requirement.

REPLACEMENT – Replacing an Athlete/Horse combination after the USEF has named the Team.

RIDEABILITY – whether the Horse exhibits in all three tests - dressage, cross-country, and show jumping - that it responds readily to the aids (directions) of the Athlete because of its training; whether it moves forward, slows down, turns, and jumps any obstacle with composure, obedience, and confidence in itself and the Athlete.

SPEED - evidence that in the international record of the Athlete/Horse combination, and in the final trials for the Team, the Athlete/Horse combination shows the ability to complete the Event distances at the speed demanded.

SOUNDNESS – a condition in which a horse is able to do the work asked of it without undue stress or risk of injury.

SUBSTITUTION – replacing an Athlete/Horse combination after the USEF has named the Team.
