

The Emerging Athletes Lists are designated as athletes with the potential to evolve into future team candidates. USEF Eventing Emerging Athlete Coach Leslie Law will provide the Eventing 25 and Eventing 18 athletes with skill instruction and insight in their respective training sessions. The Eventing 25 athletes will train at Meredyth South in Ocala, Fla., January 9-12, followed by the Eventing 18 athletes from January 16-20. Both groups will train at Tucalota Creek Ranch in Temecula, Calif., January 30 through February 2.

Selectors evaluated several factors to determine athletes and horses for each set of lists: current form, consistent and quality results in past competitions, potential to make a valuable contribution in a team setting, as well as suitability and age of the horse for the identified championship (where applicable).

As the programs continue to evolve in this new structure, the USEF is working to develop more detailed criteria that allow athletes, owners and trainers to better understand what is required to be named to these Lists.
