An athlete who is removed from the Team pursuant to this provision has the right to a hearing per the USEF’s Bylaws, Part VII.

4. REPLACEMENT OF ATHLETES & HORSES

4.1. Describe the selection and approval process for determining substitute Athlete(s) & Horse(s) should a vacancy occur:

4.1.1. After athletes/horse combinations have been named, substitutions, if they occur, will be filled by the athlete/horse combinations in the order of their ranking on the list approved by the Dressage Sport Committee and the USEF Board of Directors, Executive Committee, or the Ad Hoc, approved by the Board of Directors. If a selected athlete/horse combination withdraws and all the remaining applicant athletes have declined, an additional athlete/horse combination that did not submit an application in accordance with the deadlines for the subject event may be selected by the Dressage Sport Committee to fill the vacancy subject to approval by the USEF Board of Directors, Executive Committee, or the Ad Hoc, approved by the Board of Directors.

The method used to select this athlete/horse combination will be the criteria found in Section 1.2. The athlete/horse combination must meet all criteria in Section 1. Any substitution for veterinary reasons must have the approval of a conflict-free veterinarian appointed by the Dressage Sport Committee. Any substitution for extraordinary circumstances must have the unanimous approval of the Dressage Sport Committee and approval by the USEF Board of Directors, Executive Committee or an Ad Hoc, approved by the Board of Directors.

4.1.2. Horse Substitution Request: If an athlete’s first ranked horse is not available for any reason after being selected to participate in this Event, an athlete may request to be considered for selection on another horse and the request will be voted on by the Dressage Sport Committee after consultation with the Chef d’Equipe and subject to approval by the USEF Board of Directors, Executive Committee, or an Ad Hoc, approved by the Board of Directors whose decision shall be final. In reviewing the request, the Dressage Sport Committee shall evaluate the past performance of the athlete/horse combination. If the Horse Substitution Request is not granted by the Dressage Sport Committee, the athlete remains eligible for selection on their first ranked horse.

If the athlete declines, the next highest athlete/horse combination will be named. If this athlete’s first ranked horse is not available, they may request to be considered for selection on another horse, according to the criteria outlined above.

B. Equine Anti-Doping: All Horses are subject to drug testing both in competition and out of competition.

1. In-Competition. All Horses entered to compete in any FEI or USEF Event are subject to drug testing at any time from when the Event begins until the Event ends or beginning when the Horse arrives for the Event until the Event ends, whichever beginning occurs first. Blood and/or urine samples may be collected and tested for substances prohibited or forbidden under the subject Event rules. National Events may invoke GR409 whereby samples will be tested for FEI prohibited substances, including metabolites and markers.
 - a. Positive Finding. At any time during the observation and selection period that the presence of a prohibited or forbidden substance, or a metabolite or marker, is detected in the sample collected in-Event, the results, including the level detected for controlled medications, will be reported to the USEF Chief Executive Officer and General Counsel.
 - b. They will notify the Director of FEI/High Performance Sport or the Discipline Director for dissemination of information as appropriate. In such instances, the positive finding may result in the elimination of the Horse and/or Athlete from the Selection Process.
 - c. Before elimination occurs, the Owner and Athlete will be afforded a hearing by a panel ("Selection Hearing Panel") comprised of at least one disinterested member of the applicable discipline Sport Committee along with at least two disinterested members of the Hearing Committee, one of which must be an Athlete Representative.
 - d. The Chairman of the USEF Veterinary Committee, or his designee, may serve Ex Officio and a member of the Veterinary Panel selected for the Event may serve Ex Officio.
2. Out-of-Competition. Blood and/or urine samples may be collected out-of-competition at any time throughout the selection period, which is defined as commencing on the start date of the USEF Qualifying Period following notification to the Athlete at least 24 hours prior to collection of samples. Samples collected from Horses out-of-competition will be

tested for the presence of substances prohibited by the FEI, including metabolites and markers. Failure to make the Horse available for collection of samples may result in the elimination of the Horse and/or Athlete from the Selection Process. Before elimination occurs, the Owner and Athlete will be afforded a hearing by the Selection Hearing Panel.

a. Positive Finding. At any time during the selection period that the presence of a prohibited or forbidden substance, or a metabolite marker, in the sample, the results, including the level detected for controlled medications, will be reported to the USEF Chief Executive Officer and General Counsel, who will notify the Director of Sport Programs or the Discipline Director for dissemination of information as appropriate.

b. In such instances, the positive finding may result in the elimination of the Horse and/or Athlete from the Selection Process unless the Veterinary Panel appointed for the Selection of the Event certifies that the substance detected has been approved or is legitimate and appropriate under the circumstances. Before elimination occurs, the Owner and Athlete will be afforded a hearing by the Selection Hearing Panel.

3. These provisions do not abrogate the enforcement of applicable Equine anti-doping rules at Federation licensed Events, including Events where GR409 is invoked whereby samples will be tested for FEI prohibited substances, including metabolites and markers.

4. USEF GR409.2 Equine Drugs and Medications, Prohibited Substance Provisions: No Horse and/or pony competing in a Breed or Discipline designated as (or part of) a No Prohibited Substance Group is to be shown in any class at an Event licensed by the Federation if it has been administered in any manner or otherwise contained in its tissues, body fluids or excreta a prohibited substance as defined in the FEI Horse Anti-Doping and Controlled Medication Regulations, which can be found at www.fei.org.

- Athlete is an Emerging and/or Development Program member
- Athlete/Horse combination has earned two scores above 68% in the FEI Young Rider Team Test and FEI Young Rider Individual Test at two different CDI events (one score may be earned at the 2024

*Exceptions may be made to the above requirements for the following reasons:

- Trend in scores shows an upward trajectory.
- If there is not an eligible combination for the grant ranked above the athlete and the combination has demonstrated scores within 1% of the minimum criteria above, a special exception may be granted; however, the funding amount may be lower than other combinations which met the criteria.

Note: The amount of the grant may differ for those athletes and/or horses based in Europe.

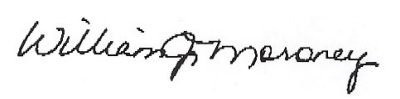

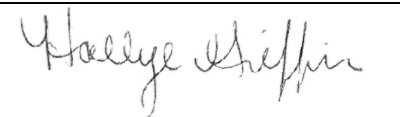

Selected athletes that receive funding support (directly or indirectly) will be expected to agree targets and *key performance indicators* with the Youth Coach and/or Development Coach and USEF Dressage staff. Athletes that receive funding will be required to write a report after the tour outlining what they achieved and how they benefited. This report will be used to assess the value and the functionality of the Program and to help justify funding support.
