

USEF Names 2015 Eventing High Performance Training Lists

RELEASE: November 10, 2014

AUTHOR/ADMINISTRATOR: USEF Communications Department

Lexington, Ky.- The USEF Eventing High Performance Committee has approved the following High Performance Training Lists for the 2015 season. In determining these lists for 2015, the USEF Eventing Selection Committee is directly focused on the Land Rover U.S. Eventing Team producing successful results at the 2015 Pan American Games and the 2016 Olympic Games. To that effect, the following riders will make plans with U.S. Eventing Team Coach David O'Connor as to which horses they will ride in each session. Training Session dates and locations will be finalized at the USEA Annual Meeting in Fort Worth, Texas in December.

The USEF Eventing High Performance Committee has updated the definitions for the World Class and National Lists and discontinued using the Global Talent Lists to better reflect the aims of the program.

World Class List:
