

# ISOLATION PLAN

Prior to the start of competition, it is important to consider having the following supplies on hand for your Isolation Location. In the event of an accident which requires activation of your Isolation Protocol, the checklist below could be used to track the acquisition and location of each suggested item

## ISOLATION SUPPLIES LIST:

- Digital thermometer designated for each stall
- Trash can with secure lid
- Garbage bags
- Footbath tray for each stall and entry points
- Bucket or automatic waterer for each stall
- Grain tub and manger for each stall
- Water hose
- Laminated or plastic signage to designate isolation area
- Sharps container
- Disposable plastic booties
- Disposable latex or nitrile gloves
- Disposable coveralls
- Hand sanitizer
- Hand soap (if a sink is available)
- Paper towels
- Stiff bristle brush for cleaning stalls (designated for isolation area only)
- Liquid laundry detergent
- Disinfectant for foot baths & stalls (see disinfectant list)
- Perimeter fencing
- Spray bottle(s) with suitable disinfectant
- Wheelbarrow (designated for manure and soiled bedding in isolation area only)
