Prize List Review Procedure

Competition Management is required to submit their prize list no later than 30 days prior to the competition per normal USEF and USDF procedures. It is strongly recommended for competitions to submit their prize list via email (festival@usef.org) for review prior to submission to USEF and USDF.

Additionally, all qualifying classes must have “Q” in the class number (example, class 101Q) and all combinations entered in USEF/NAYC qualifying classes should be clearly indicated in the results.

Please note: Any requested changes to your prize list from the comments received by USEF and/or USDF must be received by both Federations within 10 days from the date of the comments. In addition, per GR904, if the Prize List must be changed after it has been distributed to potential exhibitors, notification of specific changes to a prize list must be made in accordance with GR904. However, requested updates not made by a competition may be reported to the USEF Regulation Department to determine whether a rule violation has occurred.

Guide to Hosting Para Dressage Qualifying Test

All approved Qualifying Competitions are required to host Para Dressage Qualifying Tests.

Dispensation or Classification Certificate:

Athletes must provide Competition Management a copy of their Federation Dispensation/Classification Certificate with their entry. A copy of their Federation Dispensation/Classification Certificate must be attached to the Athlete's test for the Judge's reference.

Copies of these certificates must be attached to the judge's test copy and provided to the Technical Delegate. The ring steward should check the saddlery of one-third of the horses in each class immediately after the horse leaves the arena, in compliance with DR126.2.i.1. Any discrepancy will be reported to the Judge at C and may entail elimination. Management must provide a copy of each Athlete's Federation Dispensation/Classification Certificate to the ring stewards for all Para Athletes. See DR308.9 and DR119.12-DR119.1

FEI Para Dressage Tests:

- FEI Para Dressage Tests are found [here](#) on the FEI website. Please note: the test names have been updated, effective January 1, 2023.
- FEI Para Dressage Tests must be ridden from memory unless an exemption is listed on the athlete's Dispensation/Classification Certificate. In all tests, movements must follow the order laid down in the test. See DR122.1, DR122.4 and DR310.

Facility and Arena Requirements for Para Team, Para Individual, and Para Freestyle TOC classes:

- For designated national qualifying competitions, all tests for Grades I – III must be ridden in a small arena (20m x 40m). See DR303.4.
- For designated national qualifying competitions, all tests for Grades IV - V must be ridden in a standard size arena. See DR303.4.
- Restroom – it is encouraged but not required to provide a minimum of one (1) accessible port-a john if onsite facilities do not have an accessible restroom.
- It is encouraged but not required to provide wheelchair accessible mounting equipment.

Scheduling of Tests:

When preparing your time schedule, consider ending the day with your Para classes in order to begin the next day with Para. This way you only need to change the arena size once a day. Most often, the support staff and families of the athletes are willing to help make any ring adjustments so do not hesitate to ask for help.

If you find that you need both the small and standard-size arenas for athletes in the same class, there are two (2) options:

1. Update your prize list to offer two separate FEI Para TOC classes.
2. Or create two separate divisions of the class.

Divisions or sections of a class are considered to be a separate "class" only if listed as such in the prize list. Divisions or sections of a class may be held in different rings and judged by different judges. When divisions or sections are held under different conditions (i.e., different ring or judges), separate awards must be given (DR126.2.3). Don't forget to send in your updated prize list to USEF! See GR904.

Dress, Saddlery, Equipment & Compensating Aids:

- Please refer to DR120.12 and DR121 for rules not specifically covered under DR306 - DR308.
- Athletes must use snaffle or double bridles (DR308.1) when competing in any FEI Para Dressage Test class. However, when athletes enter an able-bodied class/test, they must provide their Dispensation/Classification Certificate in order to use their compensating aids during the test.
- Due to the complex nature of the saddlery used by some Para athletes, refer to the FEI Para Dressage Rules for any additional requirements for bits and bridles not covered in DR121. See Article 8428 of the FEI Para Dressage Rules.

The aim of the above information is to provide Competition Management a brief outline of what to expect when offering the Para Dressage Tests. It is strongly recommended for Competition Management hosting the USEF/NAYC Qualifying Tests to familiarize themselves with all USEF General and Dressage Rules.

Level of Competition and Licensing

Competitions approved as USEF/NAYC qualifiers must be licensed as **Level 3 or higher competitions**. A competition and all associated officials and staff must fully comply with the requirements of a Level 3 competition (and/or above). In addition, the correct qualifying classes must be offered. Please refer to the Required Classes and Judge Requirements section. The Level 3 competition cannot be immediately preceded by a competition of a lower level (i.e., it is not permitted to hold a Level 2 competition on a Friday and then the qualifier on Saturday and Sunday.)

- All competitions must retain current and correct USEF licenses and USDF recognition.
- Competitions held over the course of a weekend are considered one qualifying opportunity, even if they have separate license/recognition numbers.

License Agreement

Competitions that are approved as USEF/NAYC qualifiers should ensure they select the correct classes when completing the USEF/USDF License Agreement.

For example, between January 1, 2025, and July 22, 2025, approved qualifying competitions would select the following:

Cancellation of a USEF/NAYC Dressage Qualifying Competition – New Procedure

Cancellation of any USEF/NAYC event outside of the regular Open Review period must be received in writing to Lauren Moore (lmoore@usef.org) with specific reasoning concerning the cancellation. The cancellation notification will be included in the file for future applications and could affect eligibility to host a qualifier in future years. Cancellation fees apply unless the cancellation is due to force majeure or an Act of God under GR305.4. See below for breakdown of cancellation fees.

Cancellation Fees

Cancellation Fees apply to an approved USEF/NAYC Dressage Qualifying competition if written notice of a cancellation is received:

Qualifying Requirements

Please review the respective Qualifying Requirements found on the USEF website:

[Festival of Champions](#)

[FEI World Breeding Championships](#)

These Qualifying Requirements are based on the USEF and FEI rules and regulations as presently known and understood. Any change in the Qualifying Requirements caused by a change in USEF or FEI rules and regulations will be distributed to the affected athletes immediately. The Qualifying Requirements are based on the latest information available to USEF. However, the Qualifying Requirements are always subject to unforeseen, intervening circumstances, and realistically may not have accounted for every possible contingency.

USDF Regional Dressage Championships Procedure

Great American/USDF Regional Dressage Championship Competitions may be added to the USEF/NAYC Qualifying Competitions Calendar. These competitions will be required to hold USEF/NAYC Junior/Young Rider Qualifying Classes (Team, Individual, and Freestyles Tests). Regional Championship competitions wishing to offer all national qualifying classes (in addition to the Junior/Young Rider classes) are subject to a twenty-five-dollar (\$25.00) application fee.

Applicable Rules

Designated qualifying competitions must comply with all of the outlined requirements in this manual, as well as the USEF Dressage Rules, USEF General Rules, and Qualifying Requirements that apply to these competitions. Failure to comply may result in investigation, penalties, and sanctions and will affect a competition's future status as a qualifier. If you determine that your competition is unable or unwilling to comply with these requirements and would like to be removed from the official qualifying competition list, contact dressage@usef.org immediately.

FEI Children's Tests

Please review the information below in its entirety.

All USEF/NAYC Qualifying Competitions (Level 3, 4 or 5) must offer the FEI Children Tests as follows:

1. The FEI Children Team and Individual Tests must be judged by a panel of at least two (2) USEF S and/or FEI Judges (or at least one (1) FEI Judge and USEF S Judge).
 - **Two Judges:** Judge at C uses only the Technical Marking Sheet. Judge at B or E uses only the Quality Marking Sheet. The technical score and the quality score shall be weighted each with 50% towards the final score.
 - **Three Judges:** Judge at C uses only the Technical Marking Sheet; two judges sitting together at either B or E use only the Quality Marking Sheet. The technical score and the quality score shall be weighted each with 50% towards the final score.
 - For CDI-Ch events within the qualifying period, the average of the technical score and the quality score will count towards Festival and/or NAYC, pending the submission of the USEF CDI & Championship report form per the Qualifying Requirements/Selection Procedures for these Championships.
2. The FEI Children Preliminary B Test must be earned in an FEI Children Preliminary B class or in an FEI Test of Choice class. These classes may be judged by one judge who is placed at C. See below for the placement of judges.
3. All other qualifying requirements will remain the same for this division.

Placement of Judges for the FEI Children Preliminary B Test and for national level competitions offering a non-qualifying FEI Children Test(s), competitions may use one, two, or three judges:

- 1) **One Judge:** Judge at C uses the Technical Marking Sheet. The Quality Marking Sheet will not be used or filled out by the judge.
- 2) **Two Judges:** Judge at C uses the Technical Marking Sheet. The Judge at B or E uses only the Quality Marking Sheet. The technical score and the quality score shall be weighted each with 50% towards the final score.
- 3) **Three Judges:** Judge at C uses only the Technical Marking Sheet; two judges sitting together at B or E use only the Quality Marking Sheet. The technical score and the quality score shall be weighted each with 50% towards the final score.
- 4) To include this test as an FEI Test of Choice (TOC) class where only one judge presides, **ONLY** the Technical Marking Sheet can be used. If two or three judges preside over the FEI Children Tests, they must be offered separately in TOC class that is limited to FEI Children Tests (i.e., separate placing and awards must be offered due to different judging conditions).

Please note that one single judge will not complete both the technical and quality marking components of the FEI Children tests for either National or CDI-Ch competition. When only one judge, they must be at C and use only the Technical Marking Sheet. The Quality Marking Sheet will only be used when one or two judges also officiate at B or E.
