

US EQUESTRIAN

ONLINE APPLICATION TROUBLE?

In 2023, US Equestrian moved all applications online to help with overall efficiency. Following feedback from our membership, we realize that there are certain select populations of our membership may not have consistent access to a computer. For these populations, we provide the following options to completing our online applications:

1. Horse Applications can be completed by a third party authorized to conduct business on your behalf. This includes:
 - a. New or renewal Horse Recording/ID
 - b. Transfer Application
 - c. Register Lease
 - d. Age Verification
 - e. Add Microchip
2. Memberships can be renewed over the phone for existing accounts by calling our Member Services department at 859-810-8733.

If you have questions, please contact our Horse Serves team at horseservices@usef.org.
